Don't touch that dial! The WBFR Radio Players are back with another holiday classic! On stage December 13-31

With the help of a musician and foley artist, a top-notch ensemble of actors once again brings a few dozen personalities to captivating life in this 1940s radio broadcast. Based on the story, *The Greatest Gift* by Philip Van Doren Stern, the moving tale of idealistic George Bailey unfolds, as he considers his fate – and the fate of all the colorful characters in Bedford Falls – one eventful Christmas Eve. The entire family will enjoy this unique spin on one of America's favorite films!

Want to Live Longer? Get Cultured

Did you know that a trip to the theater can lower your risk of dying?

We have known for a long time that exposure to the arts increases educational attainment for children and students, but there is new research proving the positive effect of the arts on our health. A 2019 study published in the *British Medical Journal* reported that for adults aged 50 and above, attending artistic or cultural performances once or twice a year lowered their risk of dying by 14%. People who went every couple of months lowered their risk of death by 31%. That's incredible!

A 2021 study in the U.S. produced similar results, showing that adults aged 65 and above who engaged with the arts had significantly lower rates of mortality.

While there are surely many reasons for these findings, at the core is the struggle against social isolation, which

Sponsorship

There are many opportunities throughout the season for sponsorship! Businesses and individuals can sponsor a show, an event, or the season.

Your support makes theatre possible and allows us to elevate the level of our work each year. A sponsorship of \$2500 would help cover the costs of the set or costumes for a production. If you are interested, please contact info@thirdavenueplayworks.org.
